A Renewal of Hope

Jack first came to Good Sam because he was experiencing excruciating stomach pain! He was examined by a Good Sam provider who sent him to our strategic partner, the WellStar Health System, for further testing. His diagnosis was scary—Cancer. But we were able to connect Jack with an oncologist who performed the needed surgery along with the subsequent chemotherapy. Good Sam’s new staff chaplain, Pastor David, visited him at home during this time and ministered to his spiritual needs and helped calm his fears. Jack says, “he is grateful for everything Good Sam has done,” and acknowledges that, “God is at work in this too!” Good Sam is here for Jack throughout the entire healing process, both physically and spiritually.

This is Good Sam!

Caring for the whole person

Because of the longstanding faithful support from our incredible partners and supporters, the Good Samaritan Health Center of Cobb continues to build a comprehensive Healthcare Home for the community we serve. In Luke 10:27, Christ commands us to “Love the Lord with all your heart and with all your soul and with all your strength and with all your mind and to love your neighbor as yourself.” We are striving to be obedient to this command by focusing on taking care of our patients with the best quality care that is possible. We are grateful for the past year in the life of this ministry. In addition to our recently completed renovations of the existing clinical space, we were finally able to add a full-time Chaplain to our team. The amazing aspect of this addition is that it allows us to further care for the whole person—both their physical needs as well as their spiritual needs. We are overwhelmed by the faithfulness of our Lord and the generosity of our partners that allow us to make a lasting difference in the quality of our patient’s lives. In 2019, we will together press on toward the goal for the prize of the upward call of Christ Jesus as we seek to be a beacon of hope and healing.
