GRACED WITH GROWTH

2022 ANNUAL REPORT
A MESSAGE FROM OUR CEO

Last year was a year of growth. As we continue expanding our clinical space and patient services, we are also rebuilding our staff and volunteer base from the pandemic losses. We are reminded of the scripture passage in Matthew 7:

“Everyone then who hears these words of mine and does them will be like a wise man who built his house on the rock. And the rain fell, and the floods came, and the winds blew and beat on that house, but it did not fall, because it had been founded on the rock.”

Jesus Christ is indeed the cornerstone of our faith and the rock on which this clinic was built. With our expansion project, we are creating the capacity to share His love with an additional 3,000 patients, as there are almost 100,000 uninsured neighbors in our community.

We remain incredibly thankful for the amazing partners who have completely underwritten the cost of this capital expansion. Please join us in prayer as we now prepare to expand both our clinical and support staff.

- Cyrl Kitchens, CEO

MEDICAL DEPARTMENT

“A patient in his early thirties decided to follow Jesus today. After praying with him and sharing the gospel, he told me he had never received the forgiveness of Jesus and was searching for Him. I asked him what was stopping him from doing so today, and he said nothing. He prayed with me for Jesus to forgive him, help him, and confessed his need for Jesus. He left with a Bible, clear direction, and guidance to follow up with his church.”

- Ryan Ranells, FNP-BC

“The Quality Department at Good Samaritan is instrumental in ensuring that we deliver excellent patient care. The Quality team oversees clinical outcomes, plays a key role in the management of patients with chronic illnesses, and oversees patient outreach programs. Additionally, they provide support for our clinical teams and non-clinical staff and organize our health-based community activities. In a joint effort with our community partners, the Quality Department has seen an increase for screenings, including colorectal cancer, and breast and cervical cancer screening for women. The Quality Department’s goal this year is to improve access to vision care for our diabetic patients.”

- Karen Phillip, Director of Quality and Risk Management

OUR LEADERSHIP TEAM

David Santander, Spiritual Care Director | Beth Stephenson, R.Ph, Dispensary Manager
Dr. Alisha Rorer, Interim Behavioral Health Director | Karen Phillip, Director of Quality & Risk Management
Gayle Nelson, Chief Financial Officer | Rory Mathisen, Operations Director | Cyrl Kitchens, Chief Executive Officer

NUMBER OF MEDICAL VISITS: 10,822
Violet is a dental patient at Good Samaritan Cobb. She arrived towards the end of a difficult stage in her life after having been in a 27-year-long abusive relationship. Her smile, her physical, and mental states were all in poor condition. She stated, “Good Sam helped restore my smile and taught me what Christ-like love is.”

“I went 20 years without dental care because I couldn’t afford the cost. I was also nervous about paying a large amount just to be mistreated. I’m fortunate to have found Good Samaritan Cobb since it’s affordable, and the service I receive is unmatched. Everyone treats me with special care. They take their time in explaining my treatment and make sure to interact with me at every visit. It’s a place of dignity, and most importantly, God is first in everything they do.”

- Lorena, Good Sam Dental Patient

“The Dispensary always has my refills ready when needed. If there are any complications, they ensure I’m taken care of.”

- Bria, Medical Patient

“I have observed clients making significant changes in the way they think about mental health, how they connect their thoughts and feelings to behavior change, and how their medical issues improve by attending therapy. For many of the clients, this is their first time experiencing therapy. Therefore, creating a safe place for people to discuss how their medical problems are impacting their mental health, exploring their trauma history, and learning tools to help reduce anxiety and depression are essential in healing and growth.”

- Dr. Alisha Rorer

Patricia struggled with severe health anxiety when she arrived at GSC’s Behavioral Health Department, which caused her to be excessively concerned with her health. It was impacting her daily life and causing distress. Through cognitive behavioral therapy and consistent attendance with her Licensed BH Professional, she learned to manage the anxiety by finding healthier ways to approach her concerns, thereby improving her overall quality of life.

BEHAVIORAL HEALTH

- 190 patients were seen in the Behavioral Health department for individual therapy.
- 97 brief interventions were done in the medical clinic during visits with their primary care physician.
- 18 classes were provided with topics including anxiety management, insomnia treatment, trauma awareness, suicide prevention, and a 5-week class on smoking cessation.
- We exceeded national benchmarks on 80% of Collaborative Care metrics for integrated care programs.

SPIRITUAL HEALTH

VISITATIONS, DEVOTIONS, DISCIPLING

- The King will reply, ‘Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.’ Matthew 25:40

- 251 Morning staff devotionals
- 62 Professions of faith
- 321 Full gospel presentation shared
- 203 Individuals Discipled
- 6 In-home visits

The 2022 Good Sam Cobb Charity Golf tournament was our most successful ever! We raised $109,000 to support the delivery of healthcare services to our neighbors in need.

The clinic began discussing expansion plans in 2019. We broke ground in 2022 and we are nearing the finish line of this project. Eleven new exam rooms will be opened in October 2023 which will allow us to serve over 5,000 patients annually. Vision care services for our patients will also be added, addressing a dire need for the underserved in our community. We are also expanding our dispensary, enhancing patient waiting areas, and adding a multi-purpose patient education/staff training room.

Many supporters have helped to make this a reality and we are very grateful. We look forward to hosting tours of this new space.

The 2023 event is set for October 9 and online registration is available at goodsamcobbgt.dojiggy.com. Please consider sponsorship for 2023!
The Good Neighbors Monthly Giving program is a new initiative to set a regular monthly donation to Good Sam Cobb. We hope to serve an additional 365 patients through this program in 2023!

See [www.goodsamcobb.org/donate.html](http://www.goodsamcobb.org/donate.html) for one-time or monthly giving.
